

Designed for medium to heavy duty gas welding, cutting and heating application. These single-stage regulators provide top performance in a wide variety of industrial and laboratory application.

### Features

- Self re-seating external pressure relief valve on oxygen models
- Machining brass body and forged housing cap
- Conforms to CGA E-4 standard for gas pressure regulators
- Stem-type seat assembly for more reliable performance
- Preset Outlet Pressurized
- 2" Gauges for easy reading
- 2-1/2" Stainless Diaphragm

### Flow Data

### Ordering Information

Model Number	Gas Service	Maximum Inlet Pressure (PSI)	Maximum Delivery Pressure (PSI)	Inlet Gauge	Outlet Gauge	Inlet Connection	Out Connection
853MIN-200	INERT GAS,N2	3000	20-200	2",4000PSI	2",4000PSI	3/8FNPT	3/8FNPT
853MX-450	OXYGEN	3000	5-450	2",4000PSI	2", 600PSI	3/8FNPT	3/8FNPT
853MIN-450	INERT GAS,N2	3000	5-450	2",4000PSI	2", 600PSI	3/8FNPT	3/8FNPT
853MH-450	HYDROGEN	3000	5-450	2",4000PSI	2", 600PSI	3/8FNPT	3/8FNPT
